DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claim 1 is rejected under 35 U.S.C. 102(b) as being clearly anticipated by Sigetich et al.

Applicant should refer to col. 3, lines 29-35, col. 4, lines 54-68, and col. 5, lines 11-16.

With regards to the limitation of “capable of shaping a 6 inch square ceramic tile..”, it has been held that the recitation that an element is “capable of” performing a function is not a positive limitation but only requires the ability to so perform. It does not constitute a limitation in any patentable sense. In re Hutchison, 69 USPQ 138.

Conclusion

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Derris H. Banks whose telephone number is (703) 308-1745 or Fax number (703) 305-9835.
